

# What can I do?

How can I make a difference in  
this world? I'm too little.

## One Little Child

Written by Joye Smith  
Illustrated by Gayle West

Preschoolers want to understand their place in God's plan. The stories and illustrations in *One Little Child* will help them discover ways they can share and show God's love.

As you read together, preschoolers will see global needs depicted through the eyes of children in different cultures and explore how one little child can make a difference.

Written by preschool consultant Joye Smith, this book will be a great addition to your church resources or a perfect gift for families in your ministry.
